SEWAGE FIGHT COST \$3121

But it's worth while—Crofts

Altona has spent \$3121 in fighting the Board of Works and the Environment Protection Authority over permit to discharge sewage in the bay.

The Environment Protection Authority, the body that initially gave permits for the board to discharge waste into the bay off Altona, was in charge of the appeal against the discharges.

Altona Council fought the issue and was supported by Geelong Council and an independent objector, Mrs. D. Sullivan.

The only win for the objectors in the case, heard over three days during October and December, was an alteration in one of the conditions governing the board's licences to discharge.

The sewage, including chemicals and heavy metals, will be drained into the bay from five discharge points.

The tribunal hearing the council's objections, agreed to redefine the mixing zones for the discharge into the water.

They will now be of a two-kilometre radius, except for heavy metals, when the radius will be 0.1 kilometres.

In its summing up, the tribunal stated:

"The authority accepts the suggestion that mixing zones (except for heavy metals) should be two kilometres, and will amend the licences accordingly.

"Taking into account the permissible concentrations of heavy metals in the effluent, and the dilution capacity avail-

able, the presence of heavy metals is determined more accurately by biological effects rather than by their chemical concentration in the water.

"The insufficiency of background data on incipient lethal levels of heavy metals makes it difficult to define an appropriate mixing zone for heavy metals.

"After consideration, the authority believes that a mixing zone of radius 0.2 kilometres would be appropriate for heavy metals."

The council had opposed the granting of the discharge licences on several grounds, including the facts that the different levels of effluent components were not required to be checked.

Cr. Les Crofts, who initiated the protest to the EPA, said on Tuesday night Altona council gained "some consolation from the appeal hearing".

"We did have the licences modified, and I don't think we can gain anything by taking the matter further.

"We would just get more involved in complex legal argument.

"I believe we have got our point across to the board and the EPA, and they have taken note of our objections. I'm sure some good has come of it all.

"Our arguments at the hearing were forcibly put by our barrister, the chief health inspector and several expert university witnesses.

"I believe it has all been worthwhile for the good of the city," Cr. Crofts added.

Cr. Doug Grant, council's environment portfolio holder, seconded Cr. Crofts' statement.

"I know I spoke against this appeal action when it first arose in this chamber, but we have gained something.

"Of course, you win some, you lose some..."

Council may take over play centres

Altona Council will investigate the possibility of taking over holiday play centres in the district from the National Fitness Council of Victoria.

The decision follows a letter from Mrs. Lukey, an officer with the NFC.

She wrote last week asking for early settlement of the council's account for centres run in Altona over the Christmas holidays.

Cr. Steve Clement, youth sport and recreation portfolio holder at Altona, suggested the council consider taking over the running of the play centres.

"I think this is something we could and should do," he said.

"The cost to us of these places seems to be increasing all the time under the National Fitness Council.

"I think we should ask our recreation officer to investigate and report back to us on a play for summer holiday centres we could run ourselves."

Councillors supported Cr. Clement's move, and a report will be available within a few weeks.

Temptations of Easter

Now Mark's the Master

Altona Little Athletics Centre last year produced the State winner of the Miss Little Athlete — and now they've done it again.

Mark Green, 11, has won the State final of the Master Little Athlete, the first time the quest has been held.

Mark is the second son of Mr. and Mrs. Jim Green, of Finley Road, Altona. He competes with the Westons Club and raised \$735 for Little Athletics during the quest.

He was presented with his prize, a television set, by Olympic Games representative Gaye Dell before 700 people at the annual State Victorian Little Athletics Association ball last week.

Mark and his younger brother, Darren — who recently won the Victorian under-nine 800-metre walk — were presented with certificates of merit by Altona's Mayor, Cr. Bill Sommers on Tuesday night.

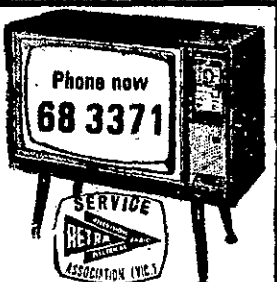

• Little Samantha Ward, 4½, was having a great deal of trouble resisting the appealing basket of Easter eggs at the Lindwood Avenue kindergarten when our photographer called on Thursday. The youngsters were each presented with the chocolate eggs before going home for their Easter holidays.

And what of the school?

Altona Council's battle with the Housing Commission over the proposed \$25 million Paisley Estate now involves Paisley High School.

The commission and the Board of Works, have ignored the school in plans to rezone the area for housing.

Carmela Beauty Salon

Leading names in aids to hair beauty.

Australian & Continental.

PHONE 391 2417

17 HALL ST., NEWPORT

(Upstairs ANZ Bank Building).

Paisley High School, which is still being developed, takes up several acres of the proposed estate.

Altona councillors, in reply to a letter from the Board of Works outlining the planned residential rezoning, have pointed out the school's existence in a polite note.

The letter to the Board states: "That in accordance with council's opposition to the Housing Commission development of the area, council objects to the proposed zoning of reserved living."

Picture above shows the area proposed for the Paisley Housing Commission Estate — with Paisley High School in the background.

IT PAYS TO ADVERTISE
RING 68 6911

"Further, the Board be advised that the appropriate zoning for the area would be proposed public open space with the Paisley High School area being reserved for school purposes."

The commission has so far lost two appeals before the Town Planning Appeals Tribunal after plans for the Paisley Estate did not allow an adequate buffer zone between the housing and neighboring industry.

However, councillors believe the commission will bring forward new plans sometime this year.

Opera group to come of age

The Williamstown Light Opera Company will celebrate its "coming of age" during August with an open house at the Mechanics Institute.

The group has been providing entertainment in Williamstown for the past 21 years.

Their celebration will be held in the institute's newly renovated main auditorium on Saturday night, August 21.

Councillors on Monday night gave the company permission to use the institute's main hall for rehearsals, subject to the approval of the Department of Health.

The group has, in the past, used the hall's supper room.

The main hall will be used every Tuesday and Wednesday from 8 p.m. to 11 p.m. for rehearsals, and the cost to be charged by the council annually will be \$90.

The company has agreed to take responsibility for cleaning work after use of the hall.

50th anniversary for Tweedleys

Mr. and Mrs. Bill Tweedley, of Alma Terrace, Newport, will celebrate their 50th wedding anniversary on Saturday, April 24.

Mr. and Mrs. Tweedley were married at the North Williamstown Presbyterian Church on April 24, 1926. The late the Rev. Higginbotham performed the ceremony.

The Tweedleys have lived in the Newport/Williamstown area all their lives and have given a great amount of time to the Guiding and Scouting movements.

Mrs. Tweedley was the Newport District Guide

Commissioner for a number of years. She led the team of women who were responsible for the Newport Guide Hall being established in Peel Street, Newport.

Over the years, Mrs. Tweedley trained many Brownies and Guides.

Mr. Tweedley was the Group Scout Master of 2nd Newport.

Mr. and Mrs. Tweedley now spend their time enjoying the company of their eight grandchildren.

'Town council news in brief

The Melbourne Harbor Trust has replied to council's letter of protest over the fencing of Gem Pier, stating that although regretted, the fencing was necessary.

Says the Trust:

"Vandalism has occurred to vessels of the Pilot Service and the Department of Customs, which berth at Gem Pier, and on several occasions the craft have been cast adrift and pilfering has occurred."

"For this reason they have requested that the vessels be protected with a chain wire fence."

"The Maritime Trust have requested that a fence be erected at their cost to protect the vessel Castlemaine, which will be permanently berthed at the pier."

"The Harbor Trust regrets that this action has been necessary, but points out that offences are being committed against valuable vessels, and protection has to be provided."

"Vandals are still active in the area and are now attacking the fence."

"It is hoped that more substantial protection will not be required. It is also pointed out that access has been maintained to the outer end of the pier at an additional cost."

The letter has been referred by councillors to the foreshore committee.

The Housing Commission has forwarded an application for a land use permit and drawings of the Paisley Estate proposal to council.

Councillors have referred the matter to the planning officer for a report.

The children's services officer, Vivien Routley, will prepare a report and submission for the State Government's domiciliary care services working party.

A public meeting will be held at 8 p.m. on Thursday, April 22, at 87 A Ballarat Road, Footscray, to discuss and plan the formation of a Western Region Art Council.

Mr. G. Nicholls, Williamstown's snake-catcher, has reported that his second catch for the summer season

has netted 225 snakes. His total is 450 for 1975-76.

The city electrical engineer will investigate the brick sub-station outside Mr. J. Kelleher's property in Alma Terrace, Newport, following a request to council last week.

Mr. Kelleher wrote to the town hall asking whether the sub-station is still in use. He intends selling his home, and believes the sub-station detracts from the view of his property.

Mr. P. J. Olney, of Woods Street, Newport West, has asked council to repair 200 yards of footpath to Blenheim Road. He says it "is in a disgraceful state, and very slippery during winter."

The Director of the Environment, Mr. G. Price, will investigate the complaint.

Mr. Price will also look at the security fence behind the grandstand at Williamstown Football Ground following a letter from the football club asking for maintenance work to be done.

The council's shopping and transport committee will discuss a request from the Combined Pensioners' Association and 99 residents of Floyd Lodge for a bus stop outside the lodge to be retained.

The removal of the stop would cause hardship to many pensioners who have difficulty in walking, the letter said.

The committee and the senior traffic officer will also investigate a request from Mr. H. Marek, of Dover Road, Williamstown, who has asked for "no standing anytime" signs to be erected in the lane opposite his property.

He says residents of Dover Road "are suffering severe inconvenience from traffic generated by the Housing Commission flats in Bronte Court."

Ambulance upsets council

Altona councillors criticised the Victorian Civil Ambulance Service at their meeting last Monday night.

The service had written to the town hall asking for the \$30,000 promised for the ambulance station being built at the corner of Miller and Blackshaws roads.

The building, when completed at the end of June, will have cost \$180,000.

The council agreed last year to make \$30,000 available — some of which came from the annual Altona mayoral charity ball.

The mayor of the day, Cr. Ian Stewart gave a cheque to VCAS officers before handing over office last September.

Money problems

In a letter received by councillors on Monday night, the service said:

Silvie's aiming high

Sylvie Pecora, of Williamstown (left), has her eyes set on an overseas trip, first prize in the Sun Miss Teenage-quest of Victoria.

Sylvia, 17, is in fifth form at Point Gellibrand High School.

Her interests include modelling, football, motorbike riding, swimming and acting.

Prizes in the Sun Miss Teenage quest this year include an overseas trip for two with QANTAS plus \$2500 spending money from the ANZ Bank.

Manfred honored

Council in brief

Manfred Kohkamper, Australian javelin champion, was one of Altona Council's guests at last Monday night's meeting.

Manfred, who lives in Clematis Avenue, Altona, won the Australian javelin title at the recent national athletics championships at Olympic Park.

He is a former sports champion of Altona North High School.

The Mayor, Cr. Bill Sommers, presented Manfred with a certificate of merit on behalf of the council.

Other certificates on Monday went to Andrew Jachno, who recently created a new record in the under-14 Victorian amateur little athletics walk, and Darren Green, who won the Victorian under-9 little athletics walk.

A special certificate was also presented to Mr. George Nevitt, of the Al-

tona Little Athletics Centre, the man responsible for training the district's champion walkers.

He is a coach and judge of walk events, and has been associated with little athletics for the past nine years.

MP's thanks

Local parliamentarians, Mr. Bon Thomas, MLC, and Mr. Bill Fogarty, MLA, have written to the Altona Council this month.

Mr. Thomas wrote in thanks for council's letter of congratulations after his re-election to State Parliament. He assured councillors of his "full co-operation in matters dealing with the development of the area."

Mr. Fogarty said the redistribution of State electoral boundaries has "deprived me of the section of Altona that I have had the pleasure of representing for the past three years."

He congratulated the council on its "wonderful" progress over the years, "and sincerely hope that during the time I have been associated with the area I have been able to contribute something towards that progress."

Congrats

Councillors have sent letters of congratulations to the two winners of the Rotary Club youth leadership awards.

The girls, Jan Spackman, of Windsor Crescent, and Linda Clement, of Rose Street, will attend the youth leadership seminar to be held at Wesley College during May.

CWA moves

The Altona branch of the Country Women's Association has transferred its headquarters from The Homestead to the Salvation Army community centre in Queen Street.

The branch has over the past few months increased its membership to 60, and The Homestead rooms "have been outgrown", Mrs. Elaine Mead, CWA, secretary, told the council.

Native trees

Altona North High School will get 20 native trees from the council's engineering department to be planted in the school grounds.

Val's Column

Hello Girls,

Do you really understand the health plan you are contributing too?

So many do not seem to fully understand what benefits you are entitled to even so. We have pamphlets here to help you choose the plan that is right for you, or show you what you should already be claiming on.

Homypeds have a smart winter range again girls. They give your curves the support they need with fully contoured but natural shaping — so your feet and legs are comfortable at all times. Supporting under your toes to help get the circulation going in your feet, then the hollow for the ball of your foot to rest in, this relieves pressure. Back to the metatarsal and arch supports that relieve strain and weight keeping them nice and high and round. Lastly the correct resting hollow for your heel which helps prevent walking and standing strain. Yes, you can really feel each of these areas under your foot, all working with you as you 'walk' and walk, and walk.

Girls, you're in for a treat, not only this week but always. We have reduced our hair colours girls, notice the difference in our semi-permanents, temporary rinses, water rinses. Whenever we have a chance we would like you to benefit from our careful buying in these lines.

We understand how regularly you need to acquire your hair colours, so we would like to pass on this appreciation.

Girls we are having very good reports from L'Oreal's new hair conditioner Elseve Balsam. Have you used it yet? L'Oreal have been hair beautifiers for many years so it is only natural that any new development would be luxurious and give your hair a lively, silky sheen and softness.

There is never any need for unhealthy hair girls! Unless your health as a whole has not been at its best, and then you will notice how quickly your hair will deteriorate. But do keep on using a good shampoo and suitable conditioner at all times. We still have a few Revlons colorchest left girls.

A special they have picked out in the four most popular nail polish shades.

You know them — Sienna Glow, Blue Flame Red, Golden Ginger, and Clarigold.

All in one box at \$3.95. That is good news!

'Bye.

VERA WELLS

Altona

How different the Altona West scene would be today, if the depression that began in the late 1920s had not occurred.

The land now occupied by the chemical industries would have been a thriving suburb now.

The west side of Maidstone Street on the north and south of the Geelong railway line was surveyed for building blocks then and gum trees were planted along the proposed roads.

Galvin Street was built to cater for the expected inflow of traf-

My City

fic, and everything was set for a big land sale.

Unfortunately, the money was not available to complete the plans.

People just didn't have the money to spend on land — it was a big enough struggle to find enough food to keep body and soul together.

If the coal mine owned by the same company, the Altona Beach Estates, had been successful, industry would have been part of Altona — but of a different nature.

The open-cut mining at Yallourn was introduced at this time and proved to be a cheaper source of brown coal, although samples from Altona were found to be of a higher class and rich in by-products.

While speaking of industries, guess I have been as vocal as anyone in voicing my dislike for the noise and smells we inevitably suffer from time to time.

However, so far I have found that many of the things I have complained about in

the past have since been remedied to a great extent, so I hope the future will mean an end to any continuing pollution.

Perhaps in a future article it would be valuable to take a closer look at the complex, to find out the other side of the story.

LAURIE SLEE

Williamstown

The parson has gone on holidays right across to the far side of this great and wonderful land. Parsons have to get right away if they are to have any proper holiday.

It's hard work being a parson. Jokingly, we accept the gibe that we work only one day a week but you know that is not true; and we know that you know more about our job than you let on.

Being on call 24 hours a day, even on public holidays, means that sometimes people do need the parson out of normal hours. Emergencies do happen that do not need the doctor, the fireman or the plumber but they do need the minister or priest.

The bureaucracy of the church is the same as for the government or big-business enterprises. There are forms, records, reports, forward-planning, estimating and the like. Not many ministers have capable secretaries who can release them to do the work for which they were trained.

The pastoral care that goes into baptisms, weddings and funerals, into care of the young, the young parent, the older parent and the grandparent, the widower in sickness and in health, in poverty and wealth has to be seen to be believed.

Then there is interest in community affairs, knowing what the council Rotary and Red Cross are all up to.

There are about 14 parsons and priests in our city. Take a walk with one of your choice on one day. Don't talk — just watch and keep up with him. Write a report and let him have a copy.

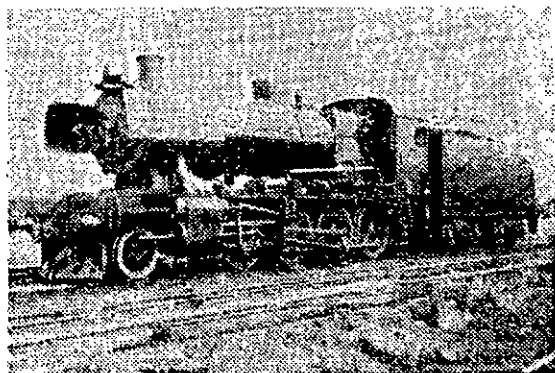

Please return our lovely whistle

It may be whistling in the dark, but the North Williamstown Railway Museum Committee, makes a heart-rending appeal for the return of its whistle.

The whistle has great historic and sentimental value: because of some peculiarity in its manufacture, it has a particularly mellow tone.

It first split the air on Victorian Railways engine No. N460 when that engine was scrapped in Bendigo in 1968 the whistle was transferred to J515.

The transfer followed action by the com-

● She still looks beautiful, even when she's not puffing and hissing. But what's an engine without its beautiful whistle?

mittee to save the mellow whistle.

Maintenance costs forced the engine's relegation to shunting. The whistle was left on to keep it "safe". But it was souvenired

on the weekend of April 3-4.

The committee appeals to the person who "borrowed" it to return it to the museum in Champion Road, North Williamstown.

First-aid classes for west

The St. John Ambulance Brigade is to start an eight weeks first-aid course in the west.

The course will begin on April 30.

It will be held each Friday at 7.30 p.m. in the St. John Ambulance Brigade hall in The Esplanade, Williamstown.

The course will cover theoretical and practical instruction.

It is open to anyone in the community over 16 years old.

Successful participants will receive St. John Ambulance first-aid certificates.

Inquiries from interested people can be made to the divisional superintendent, Mr. R. Frost, on 398 3003 or to the class secretary, Mr. J. Blackstock on 391 1313.

It's bigger, brighter and costs only 40c.

Pension rises just as promised, says Frank Purcell

Pensioners will receive rises in their pensions from May 13—exactly six months after their last rise on November 13, 1975, the Liberal spokesman for Labor, Mr. Frank Purcell, said this week.

Legislation authorising the rises was presented to Parliament by the Minister for Social Security, Senator Margaret Guilfoyle, recently he said.

The increased pensions to be paid on May 13 to aged and invalid pensioners would honor the pledge of the Liberal-NCP Government to protect pensioners from the impact of inflation by adjusting pensions every six months according to increased living costs.

The increases to be paid on May 13 are based on the 6.4 per cent. rise in the Consumer Price Index.

The new pensions to be paid on May 13 will include a rise of \$2.50 a week for a single pensioner and a rise of \$4 a week for a married couple.

This means single pensioners will then receive \$41.25 and the combined married rate will rise to \$68.50.

The increases apply to aged and invalid pensions, on May 13, and on the first pay day in May for repatriation service pensions, wife's pension, widow's pension, supporting mother's benefit, unemployment sickness and special benefit, sheltered employment allowance and tuberculosis allowance.

Greek stamp display

Mr. A. Guy, of Footscray, will show Greek stamps at a meeting of the Altona Philatelic Society at the primary school, Belmar Avenue, tomorrow night (April 22) at 7.30.

The meeting will deal with general business, stamps will be auctioned and circuit sheets sold.

Visitors are welcome.

Altona man dies

Mr. Hugh McKenzie Graham, a long-time western suburbs resident, died suddenly at his home in Mulga Street, Altona, last Sunday.

Mr. Graham, 66, had lived in Altona for 10 years and before that lived in Williamstown for 30 years. He also lived in Footscray for a time.

He was born in Bendigo. He worked for the Harbor Trust for 21 years before retiring.

Mr. Graham is survived by his wife, Bonnie, and son, Neil.

A service was held at Weight's Chapel, Williamstown, on Tuesday.

SENIOR SUPERVISOR

Modern Maid, a member of the McIlwraith Group of Companies is desirous of obtaining the services of two senior shift supervisors for the afternoon and night shift in our vitreous enamel department and press metal department.

The persons we are seeking will be:

- between 30-45 years of age.
- have previous supervisory experience.
- be experienced in the vitreous enamel industry or any related field of metal finishing.
- tradesmen in the metal industry with the required experience would have a distinct advantage with a good salary plus shift allowance, being offered to the right person.

Reply in writing to the Production Manager,
MODERN MAID (VIC.) P.L.
GORDON STREET, FOOTSCRAY, 3011.

PROCESS WORKERS

Vacancies exist at the P.M.A. Pigment Plant, at Laverton for Process Workers.

The work involves movements of pigments at various stages of production and can include the control of a number of chemical processes.

Applicants must be prepared to do shift work. The ability to read and speak English is desirable.

Benefits include membership of a Provident Fund and Payment of a long service bonus after qualifying period. All protective clothing supplied. Apply in person between the hours of 8.30 a.m. to 4.30 p.m. to the Personnel Superintendent.

PIGMENT MANUFACTURERS OF AUST. LIMITED

Old Geelong Road, Laverton. Tel.: 399 1355.

Guides give Easter eggs

Girls from the 3rd Williamstown Guide Company gave Easter eggs to patients in the Williamstown children's ward on Easter Sunday afternoon.

The guides will be holding a cake stall in Ferguson Street, Williamstown, on Saturday, April 24, to raise funds for April Action.

April Action is an annual effort to boost guiding association funds.

Member of old family dies

Miss Ellen Agnes Gubbins, who had lived in Newport all her life, died at her home last Friday.

Members of the Gubbins family have been living in Newport for more than 100 years.

Miss Gubbins had lived in Newport all her life.

In her younger days she was involved with several community groups, but in recent years had not been seen much in the area.

A service was held at Sacred Heart Church, Newport, on Wednesday morning.

Miss Gubbins, of Crawford Street, Newport, is survived by her brothers, James and Thomas. She was predeceased by other brothers Patrick and Mark.

RELIABLE PERSON

Suit married woman, with spare time during the day. To deliver pamphlets in Altona area.

Les Joslin ace at 'Town again

Williamstown Cricket Club captain-coach Les Joslin had the top batting average — 30.41 from 602 runs — last season for the third time in his four years with the club.

He was also club champion for the fourth successive year, winning the Don Murray Memorial Trophy.

He received trophies at the club's presentation night at the Highway Inn Hotel last Thursday.

Andy Gibson, with 30 wickets (average 12.11), won the bowling aggregate.

"Fruit sets" were presented to the best performers in the finals.

They were Joslin — 41 runs and 3/110 off 34 successive overs; Kevin Tweedly, '73 runs; and Barry McConnell, 5/67.

Ron Marett, of the Mole Creek Hotel, Tasmania, a former club president, gave the trophies.

Other presentations went to: John Fowler —

ADVERTISING RATES

Steadily mounting costs in labor and materials compel us to review the scale of charges for advertising.

The Prices Justification Tribunal has approved the advertising rates below which will be effective from May 1, 1976.

Current orders will be adjusted accordingly and unless otherwise instructed, orders will continue and scheduled advertisements will be inserted at the new rate.

Should you require any further information or service, your representative is readily available.

AGE SUBURBAN PUBLICATIONS ADVERTISING RATES EFFECTIVE 1ST MAY, 1976.

GULLS CRUSH NEIGHBORS

Williamstown started slowly against their neighbors, Yarraville, on their home ground last Sunday but later got into gear and won by 65 points.

At first the Eagles looked good as they went forward with Sharp, Ryan and Martin going great guns with the wind and they rattled on goals.

It was not until half way through the first quarter that Mick Kelly got his body behind the ball and booted the Gulls' first goal.

In the absence of Mal Allan and Bob Percy, injured, Ron Page skipped the side for the first time.

He got the ball to Boxall and the Gulls had two up a little later.

Yarraville replied with two more goals. Williamstown didn't look good although Boyd, Townsend and Kerr were trying hard. Jeff Scott got their third but Yarraville led by four goals at the first change.

Mike Brown, showing football sense, drop-kicked the fourth goal and then Evans went into an open goal and did it again.

Townsend marked and goaled. The Gulls had hit their straps and were only four points down.

Mark Cross, now in No. 4 guernsey, came into the play. Martin goaled for the Eagles, putting them 10 points ahead. It wasn't a walkover yet.

But goals by Townsend and Brown put Williamstown ahead for the first time.

Yarraville fought back but the stern Williamstown defence and the wind held them out.

The wind seemed to strengthen and Greg Boxall came into the game with three quick goals.

Williamstown's system told. Kerr to Townsend to Brown brought up another goal.

Kelly to Scott, and the Gulls had 13 goals. It was good play against the wind.

In the final term, Cross gave full-forward Boxall another opportunity to goal.

He got two more then Brown got his fourth. He looks a good player.

Alan Kennedy, at full-back, kept the Eagles out and the Gulls looked great. More goals came.

Col Boyd, meanwhile, was starring at centre half-back.

The gulls had 18 shots at goal for the term and kicked 7-11.

Williamstown 3.3, 11.9, 13.15, 20.26 (146).

Yarraville 7.2, 8.2, 10.8, 12.9 (81).

Goals: Boxall 9, Brown 4, Townsend 2, Scott 2, Kelly, Gardner, Evans.

Best: Boyd, Townsend, Boxall, Brown, Kelly, Cross, Page.

Seconds lose

In a nip-and-tuck game at Yarraville, the Williamstown Seconds failed in the dying moments and lost by six points.

Williamstown 15.14.104 lost to Yarraville 16.14.110.

Goals: Hickey 5, Kickson, Kerrs, Watson, O'Donovan 2 each, Kriptomalous, Mahoney.

Best: Dickson, Hickey, Groves, Watson and Mahoney.

THIRDS

Williamstown 23.17.163 d Yarraville 11.9.75 Goals: Goetz 10, Charmen 5, Nash 3, Smith 2, Taylor, Wilkins, Bell.

Best: Taylor, Mitchell, Nash, Bell, Stevens, Simpson.

Williamstown Seniors will play Camberwell at Camberwell on Sunday. Camberwell were runners-up to Brunswick in the Second Division last season.

Next Sunday Anzac Day, Williamstown Under 12s and Under 10s will play their normal competitions at the Williamstown Oval.

The Under 12s, who are on top of the ladder, will unfurl their 75 flag before the game against ANBY. (Altona North/Brooklyn Youth Club) second on the ladder, at 12 noon.

The under 10s will play Werribee at 1.30 p.m.

Altona tennis club wins three premierships

In a great climax to the season three teams from the Altona Tennis Club won premierships in the Western Suburbs pennant competition last week.

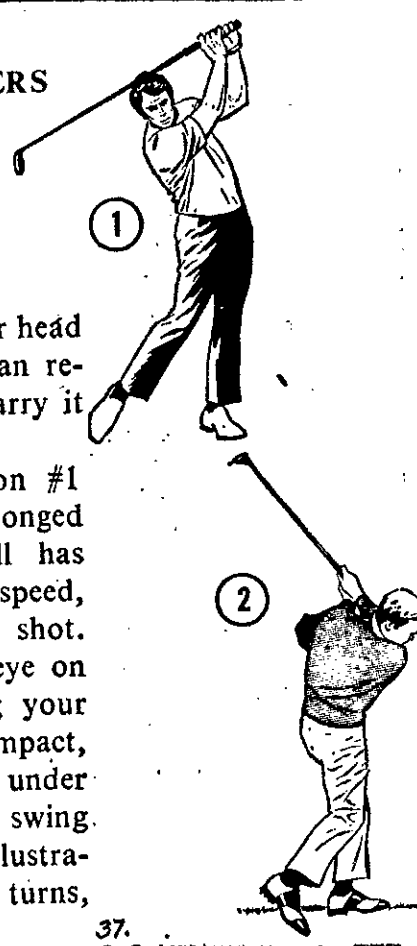

It topped off one of the feated leaders in their Burke and J. Ford. best years the club has final while section two and eyer had with seven out of section one girls both had the nine teams making the good wins in their finals. Maher, G. Edwards, N. Nelson.

Section six did a great team comprised of G. Section one girls: L. job to come from fourth Turner (capt.), F. Mallett, Campbell, L. Dryden, J. spot and beat the unde-J. Colling, S. Adcock, J. Gerring, D. Bryant.

The Arnold Palmer Method

"ATHLETE OF THE DECADE"

HEAD SHOULD TURN WITH YOUR SHOULDERS

The advice to "keep your head down" is sound, but it can restrict your swing if you carry it to an extreme.

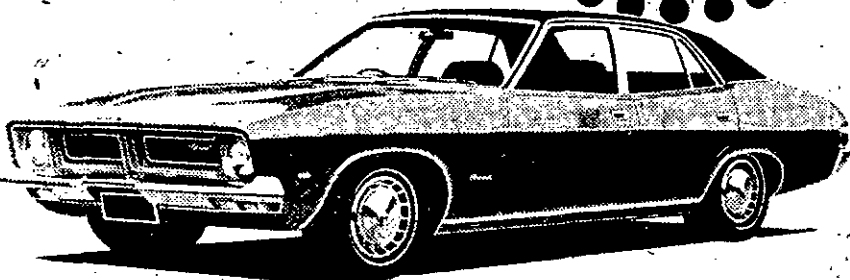

The golfer in Illustration #1 has done just this. His prolonged attentiveness with the ball has caused him to lose clubhead speed, and thus distance on his shot.

It's fine to keep your eye on the ball's position during your downswing and through impact, but you should let it turn under with your shoulders as you swing through the hitting area (Illustration #2). Just be sure that it turns, rather than lifts.
